

# Google TO YOGENDRA JAISWAL

Department of Computer Science and Engineering  
DIMAT, Raipur

**Achievement Date : 30-Apr-2016**

Yogendra Jaiswal, pursuing his VIth semester B.E. in Computer Science from Disha Institute Of Engineering and Management has made his Department and College proud by finding a place in the Google Hall of Fame. Google's Vulnerability Reward Program is one among the many Bug Bounty programs run by various social networking sites and search engines, in which hackers are encouraged to look for security vulnerability of their websites. These ethical hackers are then rewarded by being enlisted in the Hall of Fame. Being acknowledged by an IT giant like Google is the dream of every White Hat (ethical) Hacker and Bug Hunter.

Our student Yogendra, also has a line of top companies such as, SANS.ORG, Intel, Shopify, Udemy, Appcelerator, Freelancer, Hackerrank and many more acknowledging his contributions and appreciating him. It is a very proud moment for us at DIMAT to have one of our own conquering such heights and at such a young age. You have many more miles to go Yogendra! We at DIMAT wish you the best. Shri S.K. Jain, Chairman of DES, Dr. Alope Chakravartty, MD of DEL, Dr. Abhishek Pandey, Director of DES, Dr. Anil Tiwari, Secretary of DES, Dr. S.K. Chandrakar, Director of DIMAT, Dr. Bharat Chede, Principal of DIMAT, Dr. Shakti Nair, Vice Principal of DIMAT, Dr. Sanjivani Shanataiya, HOD(CSE) all extend their heartfelt congratulations to Yogendra for his achievement and wish him a bright future ahead.
